Dear Committee

I live in a large apartment block in Park Avenue, Crawley WA 6009.

Until the last municipal boundary re-arrangement, we were in the City of Nedlands and in the Federal seat of Curtin. However, this was changed and we were moved to the City of Perth and we now pay our rates to Perth City and vote in the City of Perth elections for the Lord Mayor and Councillors. However, for some unknown reason, we are still in the Federal seat of Curtin.

I submit that the continuation of this arrangement is anomalous and that, as our block contains more than 100 residents who, as a result of this re-arrangement, now actually live in the City of Perth (as opposed to the vast majority of inhabitants of Perth who only work there), it would be appropriate to move the inhabitants of Park Avenue Crawley and its neighbouring streets into the Federal electorate of Perth so that we can contact the Perth Federal member as **our** member as well as the Perth City Council as **our** council.

Regards
Michael Wood
