RE: Redistribution of Federal electoral divisions in Queensland

To Whom It May Concern,

I am writing to suggest the redistribution of the Moore Park Beach locality from the Flynn electoral division to the Hinkler electoral division.

Residents in the Moore Park Beach community (and the surrounding suburbs) utilise the City of Bundaberg for almost all amenities and services, including, healthcare, sporting clubs, recreational facilities, council services, commercial and industrial services, secondary and tertiary education and employment. Bundaberg is 25 minute's drive from Moore Park Beach.

Yet, Moore Park Beach residents are represented by the member for Flynn, whose primary office is in the City of Gladstone, two and a half hours away by car.

Moving Moore Park Beach to the Hinkler electoral division will improve accessibility of the Federal representative for the residents in Moore Park Beach. It will also make more sense as our State Government member is also located in Bundaberg.

Yours faithfully,

Adam Harradine
