Subject: Boothby redistribution

My Wife & I live at [REDACTED] Seacliff.
We notice consideration is being given to changing the boundary to move us to Kingston electorate.
We strongly object to this. It makes little sense considering the natural boundary formed by the Hallet Cove National Park.
We believe our interests are more closely aligned to the community of Boothby.
To remove Seacliff from Brighton makes little sense. We consider ourselves to be an integral part of the "Brighton Village".
Yours faithfully
Annette & John Burkett
