South Australian Redistribution comment on suggestion uploaded from the AEC website.

Name: Dean Matthias

Organisation:

Address: [REDACTED]

Phone number:

Additional information: I believe that the current boundaries for the electorate of Boothby are satisfactory at the moment. We have in the not distant past suffered a redistribution where we were moved from Mayo to Boothby. I believe that most redistributions alienate a certain proportion of the electorate and with that comes complacency on matters affecting their electorate. Please maintain the status quo.
