Federal Distribution Secretariat.

Dear Sir,

I & many others are horrified at changing the electoral Division of Wakefield to Spence.

Edward Gibbon Wakefield was so involved in the settling of South Australia in the 1850's, being able to balance the numbers of wealthy migrants to the numbers of working class migrants allowing South Australia to develop in a very successful way & becoming the envy of other States.

Hoping more thought can go into the proposed change, as Wakefield is the only original name left from when the constitution was formed in 1902.

Yours Sincerely,

Ian Rohde
