---

To the Electoral Commissioner,

I am a resident of Corangamite/Cox, and I am fully in favour of the proposed redistribution. Colac is a very rural area, and belongs in a seat like Wannon which reflects its interests, demographics and constituency. Communities such as Grovedale, Armstrong Creek, Leopold and the Surf Coast are semi-urban growth corridors, which have different interests than an established rural community like Colac. For this reason, these communities belong in separate seats, to be represented by different members who can focus on their specific needs.

However I believe that the electorate should be renamed with a local Indigenous name- Connewarre or Barrabool are both suitable.

Thank you for your consideration.

Regards,  
Liam Mansbridge
