Additional information: I am writing to object to the proposed inclusion of Central Goldfields Shire into the Mallee electorate. Our communities of interest are Bendigo and Ballarat, not Mildura and not Warrnambool. As noted by the redistribution committee!

I am writing to object to the proposed inclusion of Central Goldfields Shire into the Mallee electorate. Our communities of interest are Bendigo and Ballarat, not Mildura and not Warrnambool. As noted by the redistribution committee!

As one of the poorest council areas in Victoria we need stability and relevant representation that understands our community and will advocate on our behalf.

Putting us on the fringe of the largest electorate in the state is akin to kicking us while we are down.

Please reconsider this ridiculous redistribution.
