We, the undersigned, strongly object to the proposed boundary redistribution for Dunkley on the following grounds;

1. Mt Eliza , Mornington and Mt Martha have always been a part of Dunkley and should remain this way.
2. These communities are very close-knit and wish to remain so.
3. Geographically, Mt Eliza is the Peninsula Gateway, if the boundaries are changed, it will feel disconnected.
4. Retirees choose to come to the Peninsula for the specific Lifestyle which is not available elsewhere.
5. The Peninsula /MT Eliza is unique in its geography , the coastal nature of this area must be retained.

Yours Sincerely,

Christine Nekrasov -- [REDACTED]

Britt Lloyd-Doughty-- [REDACTED]
