

Objection 1

John Smith

1 page

I object to the proposed southern boundaries for the electorate of Chisholm. I believe it would be better for the southern boundary to be along the Monash Freeway and Wellington Road. If the numbers do not permit this, then letting the boundary be Ferntree Gully Road, Monash Freeway and Wellington Road would also be acceptable though not as ideal as my proposal above. The inclusion of some of Blackburn, Burwood East and Forest Hill west of Springvale Road given to Deakin from Chisholm could also be considered to help balance the numbers. Oakleigh East, Mulgrave, and Clayton fit better with the areas included in the proposed Hotham division rather than in Chisholm which is more Glen Waverley-Burwood-Box Hill based.
