VICTORIA

FEDERAL REDISTRIBUTION

OBJECTION TO THE PROPOSED NAME: TUCKER

I wish to object to the renaming of the Corangamite electorate to Tucker.

The name change proposal is a political motivated change favouring Labor and does not reflect the area itself but of an activist female.

The proposal is driven by ideology in my opinion and that has no place in our even and equal democracy.

The proposed name change to will promote the dividing our population based on ideology when we should support unity.

The current name promotes unity and should remain.

Yours faithfully

Donald Gibson.
