Dear NSW augmented Electoral Commission,

I am writing to support objection 686 submitted by Kylea Tink MP. I believe that Ms Tink's proposal makes great sense and that her recommendation of the merger of Bradfield and Berowra provides a much more appropriate solution for adjusting NSW voter numbers than the proposed abolition of the electorate of North Sydney.

For the reasons set out in my letter of 12 July, I do hope that the AEC will reconsider its initial proposal and retain the seat of North Sydney.

Yours sincerely
