Canberra ACT 2601

Dear Sir/Madam,

Proposed change to Federal Mackellar Electoral boundaries

This email is responding to objections 671 & 686.

I do not agree with the authors of these objections and their proposition to move the boundaries of the Division of Mackellar westward into St Ives.

This is a non sensical idea which would result in a small area of Mackellar constituents residing outside the Northern beaches LGA in the Ku-ring-gai Council LGA.

The logistics of a federal member representing such a small number of people from a completely different LGA would be ludicrous.

I understand that the authors of these submissions may be defending their own political survival, however this should not form the basis of determining electoral boundaries.

I fully support the draft maps which propose the inclusion of Dee Why and Forestville into Mackellar

Yours sincerely,

Judith Macpherson
