Hi [REDACTED] Thanks for your response.

The response from Kylea expresses my views in full, so I saw little reason not to simply send these views. However in summary there are the 3 key reasons why I object to the electoral redistribution and loss of the North Sydney electorate:

1. Population growth: The population right across our electorate is growing rapidly but the AEC's proposal does not account for this growth. For example, the NSW State Government plans to see 5,900 new homes built in the North Sydney LGA alone by 2029. If that growth is replicated across the four LGAs currently contained in the federal seat that would see more than 24,000 new homes built across our community.

In addition to this, North Sydney Council is expecting 19,500 new residents to move into the area by 2036. This is a 27% increase in just one of the four LGAs that currently make up the seat of North Sydney and indicates that it is highly likely that to proceed with abolishing our seat now would be completely counterproductive, as arguably the case to re-establish it come 2029 will be more than obvious.

2. Our business community: As home to the third-largest business centre in the country, we also believe that North Sydney's businesses and industrial zones deserve the focus of a dedicated local member. North Sydney has a total of 28,000 small to medium size businesses whose needs do not overlap entirely with those of the newly proposed areas of Bradfield, Bennelong or Warringah.

3. North Sydney is a cohesive and engaged community: North Sydney is home to many environmental, humanitarian, religious and social groups all working together to improve our community. It is telling that we were one of the first electorates to stand up for independent representation in 2022, and one of the few to vote for an Indigenous Voice to Parliament in the 2023 referendum. We respect and value our cultural diversity, with half of our population born overseas and a third speaking a language other than English at home. And we are home to several active and competitive sports teams, including two of the largest community-based sporting organisations in the state.

I believe the redistribution is shortsighted and fails to recognise the areas future.

Objection 686

Kylea Tink MP

97 pages

(petition attached containing 2,007 signatures)

KYLEA TINK MP

Independent Federal Member for North Sydney

Friday, 12th July 2024

Dear NSW augmented Electoral Commission,

I write to you as the Federal member for North Sydney to object to the proposal of the Redistribution Committee for New South Wales (Committee) to abolish the Division of North Sydney and request an opportunity for myself and members of the community to appear before the augmented Electoral Commission (Commission) to present the views of the community and an alternative boundary proposal that delivers a better outcome for North Sydney constituents and New South Wales (NSW) more broadly.

There has been a groundswell of public opposition to the Committee's proposal. More than 2,000 people have already signed a community petition to retain the division of North Sydney and many have provided comments - which can be viewed here <https://www.change.org/p/save-our-north-sydney-electorate-from-abolishment>. A list of signatories and comments is attached in Annexure D. I know many hundreds have also written, or are planning to write, to the Commission to express their objection to the abolition of the division.

1. Alternative proposal

The Committee's Report does not explain why the division of North Sydney was chosen to be removed, other than to achieve the required quota of electors in neighbouring Divisions and the Committee's comments on page 35: "It became apparent that an abolition of an outer metropolitan or provincial electoral division would necessitate higher numbers of elector movements across the state when compared to the abolition of an inner metropolitan electoral division. This is consistent with the observation of where the lower rates of growth in elector numbers are, in inner metropolitan Sydney."

As Berowra does not share the same growth characteristics as other outer metropolitan divisions and having reviewed the Committee's draft boundary determination in detail, I believe an alternative and superior solution to merge the divisions of Bradfield and Berowra is available to the Commission that meets all of its required criteria:

1. Achieves quota enrolments based on current demographic projections (which ignore forecast high growth - see point 4 below) in all remaining divisions;
2. Reduces the number of Federal divisions in NSW by one;
3. Retains and strengthens the important and strong economic, civic and social communities of interest in the North Sydney division;
4. Requires fewer consequential boundary adjustments and improves current disconnection of communities of interest in the wider northern Sydney region; and
5. Delivers a better outcome for NSW.

This alternative boundary proposal and detailed statistical analysis is set out in Appendix A. In summary:

- The existing Upper North Shore community of interest can be significantly strengthened through a reconfiguration of boundaries to extend Bradfield to the north and utilise the Galston Gorge as a natural boundary for the division of Mitchell to the west.
- Instead of Warringah extending as far west into North Sydney, it can alternatively extend north into Dee Why to meet its elector quota.
- In turn, Mackellar can extend west to include St Ives to meet its elector quota, in line with current NSW state divisions.
- The division of Bennelong can extend to the north instead of to the east, aligning communities of interest along the T9 Northern heavy rail line.
- The portion of Mitchell south of the M2 that is more connected to the Parramatta region could join the Parramatta division, making Mitchell a division centred in Castle Hill and including all semi-rural areas north to the Hawkesbury River.

Whilst this would merge an outer metropolitan and inner metropolitan division, only 12.97% of electors would be moved from their current division across NSW, which is + 0.16% variance compared with the Committee's current proposal which would impact 12.81% of electors.

The Berowra division's demographics and growth patterns are more characteristic of an inner metropolitan division. The number of electors is shown below under the current divisions. These figures show that the level of growth in Berowra (2.26%) is less than neighbouring inner metropolitan divisions such as Bennelong (4.57%), and that Berowra does not share the same growth patterns of its neighbouring outer

metropolitan division of Mitchell (17.16%). It also shows the projected enrolment in 2028 in Berowra is still 3412 electors fewer than in North Sydney. This demonstrates that a blanket rule categorising divisions as 'inner' or 'outer' is not accurate to predict growth patterns, and each division should be assessed on its own enrolment figures.

	Actual enrolments 9/08/2023	Projected enrolment 10/04/2028	% Growth
Bennelong	116,790	122,124	4.57
Berowra	106,739	109,154	2.26
Bradfield	109,126	109,523	0.36
Mitchell	126,812	148,572	17.16
North Sydney	112,630	112,566	-0.06

The quota outcome of this alternative proposal has less extreme deviation from the Committee's actual enrolment targets than its own draft proposal. This alternative proposal has a highest deviation of 5.44% vs the Committee's proposal with 6.02% and 6.40%.

A full listing of the SA1 codes incorporated in each division in our proposal is available upon request.

2. Communities of interest

I acknowledge the complexity of the task the Committee and Commission need to undertake which prioritises achieving elector quota numbers whilst also considering communities of interest, communication and travel and physical features. I appreciate this is a balancing act, but submit that the Committee did not place sufficient weight on the communities of interest in the North Sydney division. I ask that the Commission consider the following:

2.1 Economic community of interest

The existing boundaries of the North Sydney division create a very strong economic community of interest which is significant to the state of NSW, connecting Sydney's third largest CBD at North Sydney, to the industrial area in Artarmon, the emerging growth precinct at Crows Nest / St Leonards and

to Chatswood. In my alternative proposal, the current division of the Chatswood CBD would be remedied by extending North Sydney's boundary further to the north to reunite the Chatswood CBD into a single division with North Sydney, Artarmon and Crows Nest / St Leonards. Having these very important economic centres within one Federal division will allow more effective representation and I believe is in the best interest for the economy of NSW and delivers a significantly enhanced outcome for NSW.

In addition to North Sydney being the third largest CBD in Australia, there are approximately 28,052 small businesses operating in the division alongside 666 registered charities. The division's economic nodes are connected by extensive transport connections, heavy rail, the soon to be opened Metro line with stations at Crows Nest and North Sydney (Victoria Cross) and buses.

The Committee's proposal overlooks the opportunity to strengthen this community of interest to instead pull it to pieces - proposing as it does to split the North Sydney CBD from the rest of the current division and split the Crows Nest / St Leonards high growth precinct between three divisions (Warringah, Bennelong and Bradfield) each with profoundly separate and distinct identities. The splitting of this highly integrated, high growth precinct risks compounding the administrative overlaps and duplication, competing planning frameworks and unclear lines of representation and accountability which currently exist at State and Local Government levels, with converging LGA and State electoral boundaries already contributing to compromised outcomes. For example the planning gridlock that has gripped the St Leonards south, Crows Nest metro precincts as a result of abutting LGA boundaries and inconsistent planning approaches.

2.2 Social and civic communities of interest

There are hundreds of community, sporting, environmental and civic organisations which exist within the current North Sydney electoral boundary. The proposed boundary changes would result in many of these trying to operate across additional Federal divisions, diluting their ability to engage effectively with the relevant MP. Annexure B includes examples of sporting organisations. There are many more womens and mens sporting organisations, clubs and community groups that are strongly anchored in, meet, train and play in the North Sydney division. Few of these will have a community of interest with the divisions to which it is proposed to move them.

2.3 Communities of interest in relation to Bennelong

In its Report, the Committee sought to justify its proposal to transfer Lane Cove, Greenwich, Northwood, Longueville and Hunters Hill to the expanded division of Bennelong on the basis this returns these localities to the historic alignment of their LGAs with electoral boundaries as they existed post-World War Two to the west of the Lane Cove River.

I believe it is much more important for the Commission to consider how our community functions today and contemporary patterns of work, commerce and recreation which have formed around deep and strong civic, cultural, sporting, educational and commercial communities of interest that are connected with the North Sydney and Willoughby LGAs in which the suburbs are located.

2.4 Schools

Education issues are an important part of an MP's duties and each year I attend more than 20 events at schools across the division ranging from school assemblies to speaking with classes on our democratic processes. Importantly the school ecosystem within the current North Sydney boundaries is incredibly strong with students routinely moving through the grades within the current division boundaries. This assists in building constant support for education across our community and enables effective advocacy around public transport and other matters.

The proposed changes would result in many families being in a different division to their child's school and this will negatively affect the MP's ability to represent families effectively.

2.5 Election of an independent member of parliament

The independence of the Committee and Commission and the apolitical nature of their deliberations is a foundation stone of the integrity of our electoral system. It is fundamental to the safety and protection of our democracy.

I raise the following points on behalf of constituents who have raised them with me and asked they be reflected in my objection.

The election of an Independent MP at the 2022 General Election marked the second time in 25 years the electors of North Sydney returned a representative from outside the major parties - The Hon. Ted Mack being the first independent member for North Sydney.

Residents have reflected to me that it is a unique and specific characteristic of North Sydney that it has within its fabric a connected and activated civic constituency that is networked from Chatswood to Cremorne, from Lane Cove to Lavender Bay and Castlecrag to Crows Nest. This community has worked together to create their own unique community of interest that exists within the current boundaries of North Sydney and that will, by definition, disappear along with the division.

It is not an understatement to bring to the Commission's attention the distress I believe will be felt within this activated community should the draft determination be formalised in its current boundary configuration.

2.6 Community identity

Residents in the division of North Sydney strongly identify with the geographic area of the lower North Shore – not the upper North Shore, nor Ryde nor the Northern Beaches. I have been overwhelmed by the number of constituents sharing that their day-to-day connections are within the boundaries of the existing division and they have no sense of identity with the new division into which it is proposed to move them.

The proposed boundary redistribution runs contrary to preserving this sense of geographic identity, attempting as it does to move the core of North Sydney to a Division with its centre of gravity on the Northern Beaches, and its western third to a Division with a Ryde-based centre of gravity.

The historical significance of the federal division of North Sydney is part of our community's identity. North Sydney is one of the 75 original Federation divisions contested in Australia's first Federal election 123 years ago.

Many families have lived in the area for several generations and are proud to have been represented by a Prime Minister, a Treasurer and independent trailblazer Ted Mack.

3. Means of communication and travel and physical features

As mentioned, the proposed redistribution does not take into account the very important role of the T1 North Shore rail line and the new metro line as modes of transport within the current division. It also does not take into account existing local communication channels and Facebook groups which align with the existing division boundaries.

4. Forecast population growth makes the proposal short-sighted

I understand the elector quotas which the Committee and Commission need to meet are based on an Australian Bureau of Statistics data set that extrapolates historic birth / death and migration rates.

However, as noted in my comments to the Committee on 9 November 2023, this data set does not take into account the significant population growth happening on the ground in the division right now and forecast over the next 5-10 years. Further detail on this is contained in Annexure C.

Based on this significant population growth, the current proposal seems short sighted. It appears likely that for the next redistribution in seven years time, significant changes would need to be made to the boundaries proposed in this current redistribution – which could well result in a division with similar boundaries to the current North Sydney needing to be re-created.

When there is a credible alternative redistribution option available, it invites a perverse outcome to proceed with a redistribution that has such a significant impact and is so disruptive to the North Sydney communities of interest when it is likely this will need to be, at least partially, reversed in the near future.

In conclusion it is my respectful view that the Committee has erred in its evaluation of the impacts on North Sydney's deep and wide communities of interest in proposing to abolish the Division and has arrived at a high-impact, disruptive redistribution while overlooking reasonable, practical and foreseeable alternatives.

I ask that the Commission instead adopt the alternative boundary configuration that I have proposed which allows the Commission to meet its objectives of reducing the number of divisions in NSW by one and maintains the required quota of electors in the remaining Divisions, whilst preserving the important North Sydney communities of interest that will be severely diminished if the draft proposal proceeds.

Thank you in advance.

Kylea Tink

Independent Federal Member for North Sydney

APPENDIX A

- Suggested proposal for redistribution for the divisions of Bennelong, Berowra, Bradfield, North Sydney, Mackellar, Mitchell, Parramatta and Warringah.

This alternative boundary proposal meets all of the AEC's requirements while preserving and strengthening significant communities of interest in multiple divisions.

The redistributed divisions within this proposal all fall within the required quotas for actual enrolments (as at 9/8/23) and projected enrolments (on 10/4/28), as per the chart below.

This chart also shows that this alternative proposal's deviation from the actual enrolment 2023 target quota results in lower deviation from the target (highest deviation 5.44% vs 6.02% and 6.40%)

	Actual enrolments 9/08/2023	Projected enrolment 10/04/2028	Our proposal deviation from actual enrolment 2023 quota	AEC draft proposal deviation from actual enrolment 2023 quota
Target quota	121,011	129,621		
Lower limit (+/- 10% for 2023, +/- 3.5% for 2028)	108,910	125,085		
Upper limit (+/- 10% for 2023, +/- 3.5% for 2028)	133,112	134,157		
Bennelong	126,011	129,501	4.13%	1.85%
Bradfield	127,596	128,492	5.44%	3.69%
North Sydney	126,719	126,142	4.72%	-
Mackellar	121,717	127,537	0.58%	4.25%
Mitchell	117,109	133,062	-3.22%	-1.37%
Parramatta	122,351	134,152	1.11%	-4.16%

Warringah	125,746	126,179	3.91%	6.02%
Berowra (combined with Bradfield)	-	-	-	6.40%

Under the current draft redistribution, across NSW there are 12.81% of electors that have been moved into a different division. This proposal moves a very small number of additional electors, bringing the total electors moved to 12.97% (0.16% difference), but more effectively brings together communities of interest within divisions and LGAs.

Under this proposal, merging the upper North Shore divisions of Bradfield and Berowra under the name of Bradfield also achieves the goal of moving away from location-based names for divisions.

Under this proposal, the 7 new divisions are closer to the 2023 target quota than under the Committee’s current draft redistribution, with 4 of the 7 divisions within 4% of the target 2023 quota, and none greater than 5.44% (see chart above). The 3 divisions with a larger deviation from quota have lower projected growth in 2028, so need a larger number of electors in 2023 to meet the quota range in 2028.

In comparison, the current draft redistribution achieves only 3 of the 7 divisions within 4% of the target 2023 quota.

A larger variance in the number of electors per division results in more inequitable representation, potentially leading to poorer outcomes in the community.

Under the current draft redistribution, a number of communities of interest (commercial, social and transport hubs) are split by new boundaries into 2 or 3 divisions that would be preserved under this proposal.

Crows Nest-St Leonards, Eastwood and Epping and surrounds remain united instead of being split in the draft redistribution. Hornsby and surrounds are additionally reunited, correcting a previous disconnect that is maintained under the current draft redistribution.

Reuniting the communities of interest in Chatswood, Frenchs Forest and Dee Why and their surrounds is achieved in both proposals.

Descriptions for each of the proposed divisions are detailed below, and in the maps following:

Warringah

The Warringah division would retain its existing borders and extend to both the north and west.

The western border would be extended to the physical boundary of the Warringah Freeway, including the entire localities of Cremorne - Cammeray (SA2 121041413) and Neutral Bay - Kirribilli (SA2 121041416). This incorporates an additional number of electors to the existing electors that are part of the North Sydney LGA.

In the north-west, the existing electoral boundary would remain with Mackellar, following Warringah Rd. The division of Warringah would extend in the northeast to include part of the localities Dee Why - North (SA2 122031695) to the east of Pittwater Rd and north to the natural boundary of Dee Why Lagoon, as well as remaining sections of Dee Why South - North Curl Curl (SA2 122031694). The communities of interest within the Mosman, Manly and Brookvale localities are retained, as well as uniting the locality of Dee Why in the eastern Dee Why CBD that was previously split into 2 divisions.

Mackellar

The Mackellar division would lose a portion of electors in the southern region to Warringah (as detailed in Warringah), but extend further to the west. The western border would be extended to include the entire locality of St Ives (SA2 121031410).

It is noted that this new locality does cross the physical boundary of Garigal National Park and into Ku-ring-gai LGA, incorporating similar boundaries to the NSW division of Davidson.

The communities of interest within the St Ives, Mona Vale and Frenchs Forest localities are retained.

North Sydney

The North Sydney division would lose a portion of electors in the eastern region to Warringah (as detailed in Warringah). The North Sydney division would retain its existing border to the west, but extend further to the north.

The northern border would be extended to include the localities of Chatswood West - Lane Cove North (SA 121011399), Chatswood East (SA 121011684) and Castle Cove - Northbridge (SA 121011683) - for all of which a portion exists currently in the North Sydney division. The exception is SA1 1139915 that exists and remains within the division of Bennelong.

The northern border would also extend to include the locality of Lindfield - Roseville (SA2 121031410), and the suburbs of East Killara and Killara contained within the NSW state division of Davidson.

The communities of interest within the Chatswood and Lane Cove localities are retained, along with the planned growth area of Crows Nest/St Leonards that would otherwise be split into 3 separate divisions.

Bradfield

The Bradfield division would lose a portion of electors in the southern and eastern regions to North Sydney and Mackellar respectively (as detailed in those divisions). The Bradfield division would unite with portions of the current division of Berowra to create an upper North Shore division.

The southern border would start with the whole suburb of Gordon and part of Killara (as detailed in North Sydney) extend north to include the remainder of the current Bradfield division within Ku-ring-gai LGA (SA3 12013) (Pymble (SA2 121031409), Turramurra (SA2 121031411), Wahroonga East - Warrawee (SA2 121031412)). It would also include all of the locality of Hornsby (SA3 12102) being Wahroonga West - Waitara (SA2 121021579), Hornsby East (SA2 121021577), Hornsby West (SA2 121021578), Asquith Mount Colah (SA2 121021403), Berowra Brooklyn Cowan (SA2 121021404) and Normanhurst Thornleigh Westleigh (SA2 121021406).

The western localities would include Castle Hill East (SA2 115011554), Cherrybrook (SA2 115011558) and a small section of the suburb of Dural, all of which are contained within the NSW state division of Epping.

The locality of Pennant Hills - Cheltenham (SA2 126011496) would be portioned along the boundary of NSW State divisions. Those north of Boundary Rd in the NSW electoral districtseat of Hornsby would be included in Bradfield, and those south of Boundary Rd in the NSW electoral districtseat of Epping included in Bennelong.

The communities of interest within Gordon and Turramurra are retained, and the community of interest in the wider Hornsby region is no longer split into 2 divisions.

Parramatta

The Parramatta division would retain boundaries to the west and south as per the Committee's draft proposed redistribution, not impacting the divisions of Greenway, McMahon, Blaxland or Reid.

The northern border would be extended to utilise the physical boundary of the M2 motorway and Parramatta LGA boundary, incorporating the following localities from the current division of Mitchell - Winston Hills (SA2 125041494), Toongabbie -

Constitution Hill (SA2 125041493) and Northmead (SA2 125041491) in their entirety, and also the majority of the locality of North Rocks (SA2 125041490) with the exception of SA1 1149018 that is north of the M2 motorway.

The eastern boundary would include the entire locality of Ermington - Rydalmere (SA2 125021477) with the border being the same as the Parramatta LGA, then use the existing division of Parramatta boundary (western side of Marsden Rd) in the localities of Oatlands - Dundas Valley (SA2 125021478), Carlingford East (SA2 125021711) and the entirety of Carlingford West (SA2 125021712) (uniting its community of interest not served in the current division of Berowra).

The communities of interest within Parramatta are retained, and the physical boundary of the M2 motorway is utilised.

Mitchell

The Mitchell division would retain boundaries to the west as per the Committee's draft proposed redistribution, not impacting the division of Greenway.

The southern border would be moved to use the physical boundary of the M2 motorway, alongside the border of Hills Shire and Parramatta LGAs (as detailed in Parramatta). To the east it would retain the existing division border of Mitchell through the locality of West Pennant Hills (SA2 115011296) including SA1: 1129614A, 1129618, 1129619, 1129629-1129632. It would follow the Hills Shire LGA boundary following Castle Hill Rd and Old Northern Rd, and include almost all of the locality of Dural - Kenthurst - Wisemans Ferry (SA2 115021297) (excluding SA1s: 1129736, 1129737, 1129743-1129745, 1129747).

The large more semi-rural localities of Dural - Kenthurst - Wisemans Ferry (SA2 115021297) and Galston - Laughtondale (SA2 115021298) would move from the current division of Berowra to join their community of interest in the Castle Hill region. These semi-rural localities are disconnected from the Hornsby region with poor transport links and roads that are frequently closed.

The communities of interest around the Castle Hill region are established and the division of Mitchell becomes a more semi-rural, high growth division that has opportunities for further redistributions if required.

Bennelong

The Bennelong division would retain its existing boundaries to the east with the divisions of North Sydney and Bradfield.

The Bennelong division would lose a portion of electors in the western locality of Ermington - Rydalmere (SA2 125021477) along the Parramatta LGA boundary (as detailed in Parramatta), and the entirety of the City of Ryde LGA.

It would retain the localities of Eastwood (SA2 126021723), Carlingford East (SA2 125021711), Epping West (SA2 126011721), Epping East - North Epping (SA2126011720), and gain the southern portion of the locality of Pennant Hills - Cheltenham (SA2 126011496) (as described in Bradfield) & West Pennant Hills (SA2 115011296) excluding a small section retaining the current electoral boundary with Mitchell (as described in Mitchell).

The community of interest around Epping is retained that would be split between Bennelong, Berowra and Parramatta divisions in the draft redistribution. It is also considered that an existing community connection should be maintained along the Northern T9 heavy rail line.

Maps where light blue lines indicate proposed new boundaries:

Warringah

Mackellar

Bradfield

Parramatta

Mitchell

Bennelong

ANNEXURE B

- Example sporting organisations in the North Sydney division

- Northern Suburbs Rugby Union Football Club
- Northern Suburbs Netball Association
 - 22 out of 24 participating clubs are located within existing North Sydney boundaries
 - 1 existing club in Warringah boundaries
 - 1 existing club in Bradfield boundaries
- Northern Suburbs Football Association
 - 10 of 30 participating suburb based clubs are in the North Sydney division (20 are in Berowra and Bradfield)
 - 0 are in the Bennelong division (4 existing clubs would be transferred to Bennelong division)
 - 0 are in the Warringah division (2 existing clubs would be transferred to Warringah)
- Northern Suburbs Basketball Association
 - Norths Basketball is based in Crows Nest and draws its 5,000 strong membership very strongly from suburbs within the existing North Sydney boundaries. More than 8,000 people a week attend games at the Norths Basketball Centre in Crows Nest
- Northern Suburbs Tennis Association
 - 12 participating clubs and enterprises in existing North Sydney boundaries
 - 1 participating enterprise in existing Bennelong boundaries
 - 3 participating clubs and enterprises in existing Bradfield boundaries
 - 3 participating clubs and enterprises in existing Warringah boundaries
- Northbridge Football Club
- Greenwich Sporting Club
- Willoughby Wildcats AFL Club
- Lane Cove Cricket
- Lane Cove Netball Club
- Lane Cove Basketball Club
- Lane Cove Rugby Club
- Hunters Hill Rugby Club
- Norths Chess Club
- North Sydney Women's Hockey
- North Sydney United Football Club
- North Sydney Junior Cricket

ANNEXURE C

- Forecast population growth

The dataset and methodology used by the Committee to consider boundary changes does not produce population projections that accurately reflect what is occurring in the community.

State and Local Governments are planning for and are actively stimulating strong population growth in the next five years within the existing borders of North Sydney:

NSW planning department projections

The NSW planning department website refers to changes to LEP's that will deliver 8680 new homes by 2036:

- 6680 in Crows Nest and
- 2000 In St Leonards

New housing targets by LGA

Local Councils in the division are forecasting 13,100 newly completed homes in the next five years:

- North Sydney Housing Target: 5,900 newly completed homes by 2029
- Willoughby Housing Target: 3,400 newly completed homes by 2029
- Lane Cove Housing Target: 3,400 newly completed homes by 2029
- Hunters Hill Housing Target: 400 newly completed homes by 2029

Buildings under construction not reflected

I invite the Commission to examine closely numerous examples where the SA1 projections relied on by the Committee predict lower enrolments in 2028 in areas where free-standing housing is being, or has already been, replaced by high density, high rise and multi-dwelling structures.

Nowhere is this more evident than in St Leonards South where the Committee has relied on a projection that in 2028 there will be fewer electors in Canberra Avenue. However, this is simply not plausible as there are currently hundreds of medium and high density dwellings under construction.

There are similar issues at high density sites in Artarmon and Crows Nest where the 2028 enrolment projections are lower than 2023 yet high density dwellings are replacing commercial and historically vacant sites at pace. The site being replaced previously had no electors at all in 2023 however, with accommodation replacing the constructions on these sites it is self-evident that elector numbers will increase.

ANNEXURE D

REASONS GIVEN FOR SIGNING THE PETITION TO NOT ABOLISH NORTH SYDNEY

[Jonnie Kennedy](#) 11 hours ago

what the AEC is proposing will negatively impact community cohesion and the sense of progress and belonging that is fundamental to the people of the North Sydney electorate.

[Lauren Moore](#) 13 hours ago

I don't believe the rationale behind Point 85 in the report that "As a consequence of making the necessary adjustments to ensure that all electoral divisions would meet the numerical requirements of the Electoral Act, the Redistribution Committee unanimously proposes abolishing the existing Division of North Sydney" how can that be? its nonsense to lose one of the oldest electorates to average out the "numbers" Who is on the redistribution committee and do they have an agenda? Sounds very Trumpy. How can numbers go backwards? North Sydney electorate has been established for so long and more housing is proposed and so many units have been built at Crows Nest and St Leonards - and we have that huge Warringah Freeway cutting down hundreds of trees - we have a huge educational precinct in North Sydney with all those schools in North Sydney who educate so many children - it would be going backwards to losing North Sydney electorate when we are so well placed and established. The amalgamation of Councils ended up being a BAD idea and now there is legislation to de-amalgamate I don't agree and I vote to object and I support this petition

[Allen Tulich](#) 39 minutes ago

North Sydney is a city (& community) in its own right. It should not be integrated into Warringah or any other electorate for that matter. We are part of a growing community, with our own needs and aspirations. We have ... [Read more](#)

[Crina Virgona](#) 3 hours ago

North Sydney has a distinctive culture that has been nurtured and developed by hard working activist. It is unified by engaged political perspectives and inclusive values. Splitting the community will negate years of work that cannot be reproduced.

[kevin fitzpatrick](#) 3 hours ago

North Sydney has history, a seat since Federation. ABS planning was wrong in school planning and with the stimulated housing via Minns Gov. I believe future population growth is under estimated. It covers 3 State ... [Read more](#)

[ANN HEFFERAN](#) 7 hours ago

This is divisive and irrational

[Lindsay Lamb](#) 9 hours ago

our population will continue to grow significantly in the near future due to housing density changes. We are a distinct community of engaged people from many backgrounds who have spoken in a distinct way through our votes in the Federal election and the recent referendum.

[Adele Geraghty](#) 9 hours ago

I have been living in North Sydney for the past 49 years , I like it just as it is, and see no good reason to abolish the federal seat of North Sydney.

[Jennifer Saville](#) 11 hours ago

North Sydney council Does excellent work and this is our community.

[Meredith McKay](#) 20 hours ago

The North Sydney community voted for an Independent representative because we wanted a member who advocated for our beliefs as a community. Is the AEC being influenced by the major parties to get rid of community independents? ... Read more

[Steve Miles](#) 1 day ago

North Sydney has a unique character and issues. It is not part of the northern beaches

[Andrew Want](#) 1 day ago

North Sydney is a unique combination of historic residential villages with a rapidly growing, modern city. Demographically, commercially and in terms of investment and infrastructure needs, it is fundamentally different from the Warringah electorate. It is already the 4th largest ... Read more

[Sophie Storch](#) 1 day ago

I love In the Area on losing this so long as twenty nine years news there

[Lindsay Holliday](#) 2 days ago

I believe we need to keep as it allows more people's voices to be heard and not have generic voting.

Diana Pryde 2 days ago

The predicted population growth is greater than the data the AEC is relying on.

Joanne Eckermann 2 days ago

It is appalling to gerrymander a seat that has been around since federation. Respect our LOCAL voices!

Susannah Hayward 2 days ago

North Sydney Council is a really good council. Also, speaking as a former old Balmain girl merging councils didn't do anything positive - and unlike NS, Leichhardt council was rubbish.

Annette Jordan 2 days ago

I want a local representation of North Sydney

Robert Gee 2 days ago

Please read my letter of 9/07 to the AEC.

Sher Canny 2 days ago

This is an important seat for many folk. Unfair to remove.

serge galitsky 2 days ago

I think it is important to retain the continuation of a Federation seat with a proud history and association with figures in the formation of the country.

Joanna Bowan 2 days ago

I care about the electorate of North Sydney and Kylea Tink is a great local member who also makes a wonderful contribution to Australian politics.

Siew-sim Lim 2 days ago

North Sydney has its own beautiful and strong characteristics which will be lost in being absorbed by another constituency. Bigger is not always better as we've seen historically, and in fact, in this case could mean that constituents are worse off. What are the real drivers for this ... Read more

[Sidonie-Morea Garland](#) 2 days ago

North Sydney electorate is a largess area already and to be merged with another is to big for the North Sydney constituents requirements and personal interaction.

[R G Nelson Nelson](#) 2 days ago

The population of the seat of North Sydney is growing rapidly with new residential developments along the Pacific Highway artery cutting through the seat. This, along with the unique business aspect of the seat surely deserves a dedicated ... Read more

Kate Willesee 5 days ago

I feel Warringah council will be too big to care on smaller details

Josephine Tobin 5 days ago

Independents truly represented their constituents. Don't punish N Sydney for choosing an Independent member.

Genia McCaffery 5 days ago

I strongly object to the abolition of the seat of North Sydney. We do not share a community of interest with the northern beaches as we're facing the challenges of inner city living.

Rachel Evans 5 days ago

The vibrant community of North Sydney have several times voted independent candidates to represent us at federal elections, notably Ted Mack and more recently Kylea Tink. I believe that this different voice is an important one in our democratic system of government.

sophie rist 5 days ago

Lane Cove had a totally different demographic, needs and structure to Bennelong. To be grouped together will mean our community needs will not be met.

Dianne Child 5 days ago

I am most definitely against this proposal. At a time when society is feeling fractured it is more important than ever to engender strong, cohesive communities. North Sydney is such a community with Independent Federal representation and long-term projects and community goals.

Russell Leung 5 days ago

North Sydney encompasses an electorate far more distinct in its soul to its neighbours in Bennelong, Bradfield and Warringah. We elected an independent because we felt she had our best interests at heart. This move is equivalent to the US practice of gerrymandering to ... Read more

[David Miller](#) 1 week ago

...the identity of North Sydney, where I live, work and recreate is an important distinction. The interests - social, demographic and political - of the existing cohort need to be preserved as unique.

[Kate Lamb](#) 1 week ago

The ppl who live here have developed a strong sense of who we are on the national scene. Our federal representatives are icons in Australian democratic history. Ted Mack's political legacy as local, state and finally federal representative speaks to the special character of this ... [Read more](#)

[Edwina Warry](#) 1 week ago

North Sydney is an original seat from Federation. It has a unique character and should not be absorbed into 3 others seats. Our interests will not be served by such an abolition of our seat.

•

[Nicholas Perry](#) 1 week ago

We don't want other people outside our community to make decisions for us.

[Eva Wiland](#) 1 week ago

The historical significance of the federal seat of North Sydney is part of our community's identity. North Sydney is one of the 75 original federation divisions contested in Australia's first federal election 123 years ago.... [Read more](#)

[Justine Patterson](#) 1 week ago

This seat is needed to proprosupport the locals who live there

[Michael O'Reilly](#) 1 week ago

North Sydney is unique and different to the adjoining electorates to which it would be absorbed.

[Linn Taylor](#) 1 week ago

It's important!

[Robin Low](#) 1 week ago

North Sydney is a cohesive community and shouldn't be split into 3 parts. The AEC has also failed to take into account the project growth in the electorate.

[Sasha Titchkosky](#) 1 week ago

I believe we are a unique electorate that are united around common values and beliefs. We are also a growing electorate with huge increases in density.

[Donna Patterson](#) 1 week ago

The North Sydney electorate has a strong identity, based around the two city centres of North Sydney and Chatswood. The electorate is cohesive and unique because of the number of businesses, educational facilities and transport links. Along the spine of the ... [Read more](#)

[Nerissa Levy](#) 1 week ago

The connections in North Sydney are very strong as part of the lower North Shore - not part of Ryde or the Northern Beaches. People are very different across these 3 regions with distinct social networks, different demographics and community associations. Viva North Sydney!

[Judith Matthews](#) 1 week ago

It's important to maintain the North Sydney electorate.

[Suzanne Murray-Prior](#) 1 week ago

I believe the North Sydney identity and community needs to be represented and not diluted and subsumed into one large homogeneous list area. The future growth, as well as our legacy and history is cause enough to keep the North Sydney

Kathleen 1 week ago

I believe in a Democracy that can heed the will of the community. (And actually think our electoral system needs to be reviewed and be based on population not area). The old two party system is also not serving democratic principles and governments should not be able to limit other options.

[Sharon Stanley](#) 2 weeks ago

I want to continue to be represented in this community.

[Jill Newton](#) 2 weeks ago

The North Sydney Electorate, my community in which I live, has bonded over 123 years, and has been in place since Federation. It is by no means the electorate with the lowest number of voters and is very different to the three electorates to which it is proposed to be divided. For ... [Read more](#)

[Richard Roberts](#) 2 weeks ago

My family lived in North Sydney for just under 100 years. North Sydney means the world to our family, it's an independent enclave of business and community

[giorgio genocchio](#) 2 weeks ago

I think that by redistributing the seats we are going to lose a very good member of parliament and we are losing the chance of saying what we think and what is important to us

[Sue Miller](#) 2 weeks ago

Gerrymandering is never good.

[Gayle Peres da Costa](#) 2 weeks ago

I feel very much a part of the special community of North Sydney and value our Independent Member for Parliament. I do not believe that our interests and our spirit will be represented by being split across three different electorates.

[Stephanie Bradstock](#) 2 weeks ago

North Sydney population will grow with lots more apartments being built. It is a cohesive community with cultural and historical significance. The North Sydney CBD is more and more a busy central hub for the area, particularly with the Metro opening. North Sydney deserves ... [Read more](#)

[Bob Taffe](#) 2 weeks ago

I want to be represented by someone who is focused on the welfare and knows the particular needs of and stresses on the North Sydney community.

[Peter Temby](#) 2 weeks ago

I think we need more electorates not less and that destruction of a seat that has benefited from a local in tune member is not a sensible move. Better to make more seats and have even better representation.

[athy drivas](#) 2 weeks ago

we need to save north sydney, leave us alone!!!

[Andre Tammes](#) 2 weeks ago

The projected increase in population size within the current North Sydney electorate appears, on its own, to negate the proposed sub-division.

[Amy Lim](#) 2 weeks ago

I would to keep North Sydney as a cohesive society Small enough to to retain community programs and large enough to encourage business to flourish.

[Philip Lindsay](#) 2 weeks ago
