NEW SOUTH WALES**

Objection 47

I object to move the electorate to Berowra from Bennelong for Epping, North Epping and Carlingford. Especially for Epping where I live close to the border between Epping and Eastwood.

If the electorate is moved to Berowra this will create hassle when its time to vote because I have to go quite far just to vote in my (already) busy life. Also it has been decades that Epping is part of Bennelong and I just don't understand why you have to move it. Can't you just leave it be and let us live in peace?

If things already works really well why should you change it and make it worse?. Sighhh...
