

**THE FEDERAL
REDISTRIBUTION
NEW SOUTH WALES**

Objection 83

Dear AEC,

Kylea Tink is the member for the Federal electorate of North Sydney, which is to be abolished.

As a highly engaging and fiercely independent representative, I do not doubt she has made many powerful enemies.

That her seat will be abolished, endangering her chances for re-election, cannot but be a political act.

Every day, it seems the Australian nation becomes more like the United States, where redistricting is regularly used for political ends.

Shame.

Best,

Albert
