1 page

AEC

Dear Sir/Madam

**Objection to AEC proposal to change the Division of Warringah boundaries for the next federal election.**

I write to lodge my concerns with the proposed changes to the Warringah boundary. My objection is with the removal of Dee Why and North Curl Curl. These two communities are physically and culturally connected to the broader Warringah community and does not make reasonable sense to me to remove them.

The removal of French's Forrest West, Forestville and Killarney Heights are less connected by either natural bush corridors, and while disappointing to loose them, I do not oppose.

I neither support nor oppose the addition of the proposed suburbs e.g. Rest of Cremorne and Neutral Bay etc.

Thank you for your consideration.

Sincerely

Andrew von Mayer
