Objection to boundary change of Bennelong

1. Since PM John Howard days (1977) North Epping, Epping town centre and Eastwood areas are always within Bennelong.
2. Bennelong MPs always represent a strong community interest between Epping, Eastwood, Marsfield, Carlingford areas, but there was only a very weak link to Berowra electorate.
3. Bennelong MPs over the years always provide a single-seat representation in Epping Town Centre across 3 levels of government.

I object the splitting of Epping suburb across 2 federal electorates.

Thank you for your attention. Regards

Grace
