

**THE FEDERAL
REDISTRIBUTION
NEW SOUTH WALES**

Objection 229

Bridget Corcoran

1 page

To whom it may concern,

As a resident of North Sydney (specifically McMahons Point) I object to the redistribution of North Sydney federal electorate. Under the proposed redistribution I would become part of Warringah electorate, which I don't view as my community nor do I undertake any economic or recreational activity in that area (besides the rare visit to Manly beach!). When people ask where I live, I say North Sydney area, and I am passionate about the unique challenges and opportunities of this inner harbour area which are shared with other suburbs proposed for distribution. I worry that my area wont get fair representation in Warringah as it is such a large electorate and for so long has been centred around the famous Manly and Taronga Zoo.

Thank you for your time reading this submission.
