Objection to the proposed for new boundaries for the federal electorate of Carlingford removed from Bennelong

We have been living in Carlingford Court post code 2118 for 20 years. I would like to object the proposal to remove Carlingford Court from Bennelong to Parramatta for the federal electorate. The reasons are as below.

Our community interests are totally in the current Bennelong areas. Our kids and grandson have education in Eastwood. We take the train from Epping station to work in North Sydney. I shop in Carlingford Court and Eastwood. Our church is in Eastwood. I have leisure learning and social activities in Eastwood. Our cars have service at West Ryde. My medical services are in Eastwood, Ryde and Carlingford Court. My daughter lives in Epping.

We think that integration of Carlingford Court with the Bennelong represents our interests more. Parramatta is too remote and I am concerned any major decisions will marginalise the areas at the border. The MP won't know our local and exact requirements.

Yours faithfully,

Kar Lok Yeung
Yuet Yung Lourdes Connie Leung
Martin Kwok Wing Yeung
