

**THE FEDERAL
REDISTRIBUTION
NEW SOUTH WALES**

Objection 556

I object to the redistribution of North Sydney.

I've lived here 12 years and voted in every single state and federal election. North Sydney is a vibrant and growing community. Which deserves its own representation. On a federal level we have voted in our own independent. Who is looking after our communities interests and concerns. With suburbs such as Crowes Nest bursting with new apartments our population is growing and we wish to retain our identity.
