

**THE FEDERAL  
REDISTRIBUTION  
NEW SOUTH WALES**

# Objection 612

Dear NSW AEC,

I object to the New South Wales federal redistribution of Epping from Bennelong to Berowra due to the following reasons:

- Single seat representation and therefore easier administration across all three levels of government, which is already a system filled with red-tape
- Epping is more connected to Eastwood, Macquarie business hub / Marsfield than Hornsby or any regions north of the M2 – I can count on my hand how many times I visit those areas with friends and family
- Historical connection to the Bennelong area since 1977

Regards,

Richard Berky
