

**THE FEDERAL
REDISTRIBUTION
NEW SOUTH WALES**

Objection 721

Nilmini Panditharatne

1 page

My objection is to the draft proposal to abolish the seat of North Sydney and instead supporting:

1. keeping the electorates of both Warringah and North Sydney; and
2. the proposed draft redistribution proposals made by Zali Steggall MP and Kylea Tink MP.

The proposed new electorate boundaries, in my opinion, do not give due consideration to the community of interests within the proposed federal electoral divisions, including the unique local economic, social and regional interests, and the physical features of the proposed electorates. As a longstanding resident of Warringah, I believe that the proposed boundaries as currently made would break the community of interests within the electorates of Warringah and North Sydney which are better represented in the proposals made by Zali Steggall MP and Kylea Tink MP.

Kind regards,

Nilmini Panditharatne
