Dear Redistribution Committee,

The South Warrandyte Cricket Club is grateful for the opportunity to provide our thoughts on the proposed redistribution.

We are an active community cricket club based at Colman Park in Warrandyte South. We compete in the Ringwood & District Cricket Association (RDCA).

We are delighted that the Redistribution Committee has chosen to place Warrandyte South in the electorate of Deakin. We consequently disagree with those Objections seeking to oppose this change.

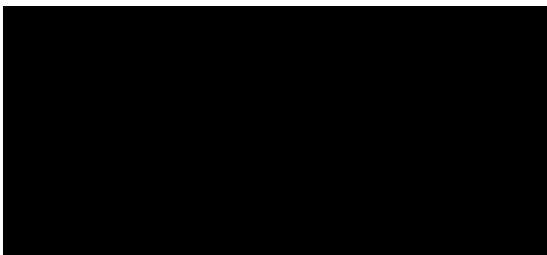

Our area is very closely connected to Warranwood, North Ringwood and Ringwood in the Deakin electorate. Our members predominantly live in the Deakin area, which is unsurprising given how connected we are to the suburbs that comprise Deakin.

Indicative of this connection is the fact that most of our competitors in the RDCA are clubs already based in the Deakin area. These clubs include East Ringwood, Norwood, Heathwood, Eastfield, Warranwood, Croydon North, North Ringwood, Croydon Ranges and South Croydon.

Like most organisations in our area, we gravitate towards Ringwood as the major centre our members and sponsors are themselves a part of. It is really pleasing that the proposed boundaries better reflect our Club and the everyday life of our members.

Our primary interest in this process is to encourage the Redistribution Committee to proceed with the draft boundaries as proposed, as we believe this offer benefits to our Club. By placing our Club in its natural home in Deakin, we hope this will allow for more effective advocacy to the federal government, which will assist in our ultimate goal of making the South Warrandyte Cricket Club a long-term success.

Yours sincerely,

Damien Vozzo
President
South Warrandyte Cricket Club
