Hello there

I hope you are well

I just wanted to email you about a certain thing that is of great concern for me.

While I do think you do a great job and provide great service. I personally think that this proposed redistribution to Deakin and Menzies is personally in my view very ridiculous.

I am a citizen of Whitehorse based in Nunawading I personally think that this proposed map of Deakin is not accurate of my day to day life and travel and I can personally imagine this would be the same with many residents in the Deakin and Menzies area as well.

Personally I travel between Ringwood to Box Hill via public transport as well as walking and running (half marathon runner) I do not travel any further than Ringwood nearly on a day to day basis as the proposed map suggests that I travel to Park Orchards or Warranwood where there's no train lines or paths to run/walk on.

I personally think that this proposed map should be better represented between Box Hill and Ringwood to represent the Whitehorse community as a whole.

I personally think that you should really reconsider this as people who don't drive like myself who rely on public transportation and walking/running feel represented on the map especially for the rest of the Whitehorse community.

I hope something changes because I personally don't like this at all.

I hope you have a good rest of your day

Regards

Liam Dwyer
