WA FEDERAL ELECTORATE REDISTRIBUTION
BY LUKE DIXON

██████████████

RATIONALE
The new boundaries was designed to create minimal disruption while joining full LGA's into as many electorates as possible. The abolition of Kooyong was considered but the Menzies electorates proximity to more electorates made it a better proposition for abolition. It may be considered a good idea to rename an electorate Menzies, perhaps even the current Kooyong electorate.

THE GRID
NEW BOUNDARIES- PROJECTED FIGURES
CHIFLEY: +9 (The electorate name and how many to the nearest thousand the electorate is projected to be over or under allotted. The figures relate to projected figures. All electorates fit comfortably within the current 10% requirement.)
(TO McMahon): (26869) (Where the voters are redistributed to and the amount of voters redistributed.)
(1130…) (The first four digits of the SA1 number)
604(The final three digits of the SA1 number): 1819 (The number of voters being distributed from the SA1 area.)
(/)920: 3 (The (/) denotes that only part of the SA1 area is being redistributed.)
