With regards to the moving of the Clarke/Lyons boundary. Yesterday I drove to Sorell and noticed that that's where most of the Lyons representatives have their offices. When I'm in Lyons I will have to drive through Clarke and then Franklin if I wish to meet with my representatives. How ridiculous is that? As it now stands, I can access my representatives by foot or a single bus. Also, my new representatives will be so busy dealing with the issues of constituents in the rural areas that they will have little time for the minority in the urban area of Glenorchy. This redistribution of boundaries needs another rethink.^
